

TRANSCENDENTS

Lite Paper V1

FOREWORD

Welcome, Transcendents.

As you may know, we are the Lil Universe team and the Lil Monki founders. Creativity, originality and fantastic aesthetics are at the core of our values. In the 2D space we have the Monkis representing our vision.

We can't leave the 3D realm untouched though, hence the birth of Transcendents. With the same principles of meticulous attention to detail, high quality and great value Transcendents is our flagship 3D project.

In addition to the amazing artwork, these will have various desired utilities. Moreover **Lil Monki Cosmo VIP** and **Bucket Monki** holders will gain complementary benefits.

WHAT ARE TRANSCENDENTS

Transcendents are empyreal beings transcended from a distant cosmos. Samurais are the first to emerge.

All Transcendents are extremely high quality unique 3D rendered NFTs with special attention focused on aesthetics, details and lighting. Worthwhile utility is also implemented.

There will be 1,000 unique Gen 1 Samurais which are to be followed by other to be discovered beings. Community input and voting is key for our direction from Gen 2 onward.

UTILITY

Transcendents will be your ticket into this exclusive realm.

Each Gen 1 Samurai holder will:

- **Control the direction of upcoming collections via community input and voting**
- **Get automatically whitelisted for Gen 2 Transcendents, likely to have a supply of 2,000**
- **Gain access to private Discord channels and roles**
- **Gain giveaway entries per Samurai held. Prizes will be truly unique and physical gifts will be shipped out to you.**
- **Access to Lil Universe farming and staking for passive rewards**

COSMO MONKI & BUCKET MONKI UTILITY

TLDR: Cosmo / Bucket + Gen 1 Samurai = Free Gen 2 Airdrop

Holding a **Cosmo** or **Bucket** Monki will greatly benefit you with perks from our projects.

For Transcendents:

- Holding a **Cosmo** or **Bucket** and Gen 1 Samurai will grant you a free Gen 2 airdrop when the time comes. For example, if you own two sets you'll get two airdrops.
- This system will continue for future generations. For example holding a **Cosmo** and Gen 1 and Gen 2 would grant you a free Gen 3 airdrop.
